Surcharge

Effective April 4, 2022, a 3% surcharge on net prices will be applied.

BÄNDA DESIGN OVERVIEW

Bända replaces the mass and bulk of conventional lounge furniture with an open steel frame that creates accessible, fluid spaces and allows easy access for power/data cable management. Bända is ideal for open plan applications due to the 360 degree view and limitless connectivity. Three scaleable framesets and smart elements provide virtually unlimited options for modular seating, tables, and space division.

Designed by Daniel Korb

DESIGN DETAILS:

- Folded Steel Frame Design that utilizes a rigid, recycled content steel frame that remains solid and functional for its entire service life
- 24 inch platform with 3 frame sizes 24, 48 and 72
- Built up benches, tables and component pieces for maximum flexibility for any design
- One and one and half seat options (24" & 36")
- Optional back rest
- 2 arm and space divider options – steel arm and upholstered arm
- Table surface options in two heights available in wood veneer and solid surface options
- Complete interchangeability of seat cushions and table surfaces without special fasteners or tools which can be easily reconfigured in the field
- Offers effective way to bring color, material, texture to interior spaces using up to 50% less textile yardage for upholstery than most modular lounge products
- Seat cushions and table surfaces are easily removable for cleaning and replacement

The Bända frame works as a chassis. Seat cushion, back rest, and arm rest elements are universally-sized to Bända's three framesets, allowing both the specifier and the end-user to mix, match seats and surfaces. A bench for three can quickly and easily become seating for two with a shared table.

NOTE: Based on no repeat. Please see below for yardage and pricing on repeat fabrics.

COM Yardage Requirements

Yardage requirements listed in our price list are based on 54" wide. We can take no responsibility for tailoring, wearability or application of COM covers. Loewenstein is not held responsible for receipt of defective fabrics, as we apply all COM as first quality goods. At no additional charge, Loewenstein will pre-approve any COM at the customer's request. The additional yardages are based on 54" wide goods. Please contact Customer Service if goods are less than 54" wide. Though every effort has been made to estimate excess yardage required for stripes and matches, Loewenstein takes NO responsibility where additional materials must be ordered.
