## May 2022 Update

---

Effective May 16, 2022, OFS and Carolina will implement a 9% increase on list prices.  
The 9% is not reflected in the January 2022 price list.

For the most accurate pricing (options, grades, etc.) please reference your eTools  
(CET Designer, ProjectMatrix, 2020, etc)

## Surcharge

---

Effective April 4, 2022, a 3% surcharge on net prices will be applied.

## FIELD INSTALLED CORES & KEYS

### Field Installed Cores & Keys

Select the "LOCK" option when ordering product with a lock. The product will initially ship with a plastic plug, which will be removed in the field and the lock core installed.

**Cores & Keys** will ship in a separate package. Multiple cores and keys may be shipped together in one package.

You do not need a Core Change to install the original lock core. Once installed, a Core Change is required for removal. A Core Change may be ordered for **\$36** list.

### USING LOCK OPTION

When using "LOCK" option your cores and keys must be ordered separately by ordering **LOCK-SET(s)** (see below for ordering instructions) to satisfy the number of locking mechanisms required for product on your PO.

**Five lock core models** are available to pick from to be field installed. They are:

#### LOCK-SET- 1

This includes 1 core & 1 key

#### LOCK-SET- 2

This includes 2 cores & 2 keys

#### LOCK-SET- 3

This includes 3 cores & 3 keys

#### LOCK-SET- 4

This includes 4 cores & 4 keys

#### LOCK-SET- 5

This includes 5 cores & 5 keys

The options available on these models are:

**OPTION 1: Color** (Black, Nickel or Brass)

**OPTION 2: Type** (Alike, Random or Consecutive)

**OPTION 3: Starting Key #** (This applies to the Alike and Consecutive types only)

**OPTION 4: Number of Sets**

### KEYING TYPES

**Three keying options** are available to pick from to be field installed. (Keyed Alike, Keyed Random & Keyed Consecutive)

**Keyed Alike** all cores and keys on that line will match the starting key number selected.

100

100

100

**Keyed Random** all cores and keys on that line will be randomly selected. You do not have to pick a key number with this option.

Note: you could end up with two of the same number when ordering large quantities.

101

128

143

**Keyed Consecutive** all keys included in the quantity will be numbered in consecutive order starting with the starting key number you select. This will make sure no two numbers are the same. You must pick a starting key number.

100

101

102

**Standard Key # numbers** range between 100-200 when using the Nickel color and 100-150 when using Black or Brass. Additional numbers 151-999 are available when using Black or Nickel Cores. There is no additional charge for key numbers 151-999 but they could potentially add additional lead time.

### EXAMPLES

#### Example of using Keyed Alike

If you have one office that requires multiple cores & keys which all need to be the same lock number you could order

| Model      | Color | Type  | Starting # | Number of Sets |
|------------|-------|-------|------------|----------------|
| LOCK-SET-2 | Black | Alike | 100        | 1              |

In this scenarios you would receive (2) cores and keys with the key number of 100.

#### Example of using Keyed Random

If you had 8 workstations that required one unique core & key per user you could order

| Model      | Color | Type   | Starting # | Number of Sets |
|------------|-------|--------|------------|----------------|
| LOCK-SET-1 | Black | Random | n/a        | 8              |

In this scenario you would receive (8) cores and keys consisting of 8 different numbers chosen randomly.

#### Example of using Keyed Consecutive

If you had multiple offices that required (2) cores & keys per office where each office requires matching keys you could order

| Model      | Color | Type        | Starting # | Number of Sets |
|------------|-------|-------------|------------|----------------|
| LOCK-SET-2 | Black | Consecutive | 100        | 6              |

In this scenario you would receive (6) sets of cores and keys consisting of key numbers that would start from 100. You would have (2) 100's, (2) 101's, (2) 102's... (2) 105's.

## **veneer**

Exposed surfaces are number one select cherry veneers. Back panels and drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

## **worksurfaces**

Worksurfaces feature 1.1875" thick tops utilizing 5-ply construction. Lumber banded edges are mitred at the corners. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

## **file drawers/writing slides**

All 55-422 executive file drawers accommodate letter or legal filing. Filing hardware is finished to prevent corrosion. Writing slides feature OFS' exclusive "Neoprene Channel" providing a snagless and quiet in-out motion.

## **drawer construction**

0.4375" thick unidirectional birch drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25" thick drawer bottoms. Drawer interiors are sanded and finished.

## **drawer suspension**

High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings and a durable finish to ensure a smooth ride.

## **locking**

Central locking secures all drawers with the turn of a single key. Specific key requirements to be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field.

## **assembly**

Units feature tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability. Pedestals are constructed with lock mitre joints for added strength and corners have no visible break in veneers as it wraps around the desk front and sides. Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

## **finish options**

## OPTIONS

## Fabric/Grade

Grade, Vendor, Pattern, Color

See ofs.com for fabric selection. Fabric must be tested and approved for tackboard use/compatibility.

NOTE: A sample of all COM fabrics must be submitted to OFS for preliminary approval prior to shipment of fabric. See ofs.com for COM Ordering Instructions.

## HOW TO ORDER

SPECIFY: Textile pattern and color. See ofs.com for a full list of finishes and graded-in fabric options.

## MODEL NUMBER

FT-5619

## Fabric/Grade

Grade 3, Momentum, Hue, Smoke

## HUTCH STANDARD FEATURES

- Adjustable Bottom
- Center Shelf
- Wire Management
- Unfinished Back
- 12.625" to 17.625" Clearance under Bottom Adjustable Shelf
